EDUCATION

ENVIRONMENT

Why Britto Foundation?

Two engineers from Jorhat. Two decades of witnessing the gap. One decision to build the infrastructure our region deserves.

“

I've spent 14 years building technology that solves real problems. When Pranab and I designed Britto Foundation, we asked one question: what would a world-class NGO look like if it were built by engineers? The answer is digital-first, data-driven, and permanently embedded in community infrastructure. Every platform we build for Britto is designed to outlive any funding cycle.

Abhishek Buragohain

Founder Director — Technology & Delivery

“

I spent over a decade walking the ground across Assam — organising community drives, connecting families to health and education schemes, watching people struggle without the basic infrastructure they deserve. Britto Foundation is my answer to that: not charity, but permanent community architecture. Northeast India does not need outsiders. It needs institutions built from within.

Pranab Milan Gogoi

Founder Director — Strategy & Partnerships

THE GAP WE'RE HERE TO CLOSE

Northeast India faces compounding crises across health, education, and environment — largely unaddressed by existing infrastructure.

32/1,000

Infant Mortality Rate in Assam (SRS 2022)
Double the national urban average

56.9%

of Assam youth aged 14–16 cannot read
a Grade 2 text (ASER 2023)

2.5M+

people displaced annually by
Brahmaputra floods (ASDMA avg.)

These are not isolated failures — they are interconnected systemic gaps. A child denied education is more likely to be in poor health. A flood-damaged environment destroys agricultural livelihoods. Britto Foundation addresses all three simultaneously — because they cannot be solved in isolation.

BLOOD BANKS

5 Assam districts had NO blood bank as of 2020

Source: Rajya Sabha data

CIVIC ISSUES

Thousands of drainage & waste complaints go
unresolved each year across Assam's districts

Source: ASDMA / District Reports

ECO-TOURISM

Assam has 7 National Parks & 19 wildlife sanctuaries —
massively underserved in community tourism
infrastructure

Source: Govt. of Assam

Three Pillars. Three Platforms. One Mission.

Each pillar is backed by a permanent citizen-facing digital platform and deep field delivery — creating infrastructure that outlives any single funding cycle.

HEALTHCARE

DIGITAL PLATFORMS

- › Blood Donor & Requestor Directory
- › Doctor–Patient Management System

FIELD PROGRAMMES

- › Mobile Health Camps
- › Maternal & Child Health
- › TB & Disease Control
- › Mental Health Outreach

10,000+ patients served · Year 1

EDUCATION

DIGITAL PLATFORMS

- › Free Regional Language LMS
- › Courses in Assamese, Bengali & Bodo

FIELD PROGRAMMES

- › Remedial Learning Centres
- › Girls' Education Fellowship
- › Teacher Training
- › Digital Literacy

5,000+ learners enrolled · Year 1

ENVIRONMENT

DIGITAL PLATFORMS

- › Civic Issues & Grievances Portal
- › Live Geolocation · MP/MLA/Admin Connect

FIELD PROGRAMMES

- › Reforestation Initiative
- › Clean Village Campaign
- › Flood Resilience
- › Eco-Tourism Development

50,000 saplings planted · Year 1

Two digital platforms. Deep field reach.

DIGITAL PLATFORMS

Blood Donor & Requestor Directory

Free searchable web platform — voluntary donors, blood banks, and hospitals listed by blood group and district. Real-time availability. Zero cost to patients.

Doctor–Patient Management System

Digital care platform for Britto Foundation's field doctors — patient records, consultation history, referral tracking, and appointment management.

FIELD PROGRAMMES

Mobile Health Camps

Quarterly diagnostic camps across 50+ remote villages — immunisation, maternal care, disease screening, and district hospital referral linkages.

Maternal & Child Health

ASHA-linked nutrition support, prenatal kits, safe delivery awareness, and postnatal follow-up across 5 target districts.

TB & Disease Control

Doorstep medicine delivery, adherence monitoring, community health worker training, and TB patient support groups.

Mental Health Outreach

Stigma-reduction workshops, counsellor placement in schools and community centres, and district health facility referrals.

HEALTH PLATFORMS

+ Doctor-Patient
Management System

WHY THIS MATTERS — ASSAM

>90%

Blood in Assam from family/replacement donors
— not voluntary (ASBTC)

5 Districts

in Assam had NO blood bank as of 2020 (Rajya
Sabha)

PLATFORM FEATURES

Searchable by Blood Group & District

Real-time search by ABO/Rh type, district, and availability. Patients, families, and hospitals find verified donors instantly — no login required.

Hospital & Blood Bank Directory

Verified partner hospitals and licensed blood banks listed alongside voluntary donors. Unified directory across all 5 Phase 1 districts.

Mobile-First · Zero Cost · DPDP Compliant

Works on any browser on entry-level smartphones. Completely free for patients and donors. All data collected with explicit DPDP Act 2023 consent.

ASSAM'S BLOOD DONATION CRISIS — THE DATA

>90%

Blood sourced from family/replacement donors —
highest risk for transfusion-transmitted infections.

Source: ASBTC, Govt. of Assam

<10%

Voluntary donation rate in Assam vs WHO's 100%
target — one of the lowest safe-donation rates in
India.

Source: ASBTC, Govt. of Assam

~1M Units

India's annual blood supply gap (demand vs. supply).
Rural Assam among the most acutely underserved
regions.

Free learning for every child.

DIGITAL PLATFORM

Regional Language LMS

Free Learning Management System delivering structured courses in Assamese, Bengali (Barak Valley), and Bodo — the three primary languages of Assam. Mobile-first, optimised for 3G connections, offline content caching. NEP 2020 mother-tongue learning mandate aligned. Teacher dashboard with progress tracking.

ASSAMESE

BENGALI

BODO

FIELD PROGRAMMES

Remedial Learning Centres

After-school literacy and numeracy hubs in 30 underperforming government schools across 5 districts. Linked to LMS for digital reinforcement.

Girls' Education Fellowship

250 scholarships and mentorship placements in Year 1, targeting girls in tribal and tea estate communities facing dropout risk.

Teacher Capacity Building

Structured training for 200+ government school teachers covering pedagogy, assessment design, and LMS usage.

Digital Literacy Programme

Tablet-based and LMS sessions for first-generation digital learners in Tier 3 and rural districts.

EDUCATION PLATFORM

Regional Language LMS

*Free · Mobile-First
NEP 2020 Aligned*

56.9% of Assam youth aged 14–16 cannot read a Grade 2 text (ASER 2023). We change that — in their own language, on their own phone, for free.

ASSAM EDUCATION GAP

56.9% youth functionally illiterate (ASER 2023)

NEP 2020 mandates mother-tongue instruction — we deliver it

PLATFORM FEATURES

3 Regional Languages

Assamese, Bengali (Barak Valley), and Bodo. More languages planned for Phase 3 expansion into Meghalaya and Manipur.

Low-Bandwidth Mobile-First

Optimised for 3G connections and entry-level smartphones. Offline content caching for intermittent connectivity zones.

Foundational to Vocational

Curriculum spans literacy, numeracy, and vocational skills. Structured learning milestones for every age group.

Teacher Dashboard & Reporting

Teachers track individual student progress, manage course content, and generate performance reports for school administrators.

Free Forever for Learners

Zero cost to students and families. Funded entirely by Britto Foundation's donor partnerships — no paywall, ever.

Accountability. Reforestation. Eco-Tourism.

DIGITAL PLATFORM

Civic Issues & Grievances Portal

Citizens upload geotagged photographs of civic and environmental hazards — garbage dumps, blocked drains, waterlogging, deforestation, pollution. Reports generate a live public issue map visible to district administration, elected representatives (MPs & MLAs), and media partners. Creates structured accountability for failures that currently go unreported and unresolved.

FIELD PROGRAMMES

Reforestation Initiative

50,000 saplings planted annually in degraded hill districts. Van Panchayat & Forest Department partnerships for site selection and monitoring.

Clean Village Campaign

Waste segregation education, plastic-free pledge drives, and biogas unit installation support with gram panchayats.

Flood Resilience Programme

Community drills, early warning system linkages, emergency shelter networks, and household preparedness in 100 gram panchayats.

Awareness & Agri-Livelihoods

Organic farming training, natural pesticide adoption, and soil health restoration for smallholder farmers facing climate-driven crop loss.

Eco-Tourism Development

Listing, promoting, and connecting verified eco-tourism destinations, operators, and homestays across Assam's 7 National Parks & 19 wildlife sanctuaries — driving conservation-linked community livelihoods.

ENVIRONMENT PLATFORMS

Civic Issues & Grievances Portal

Live · Geotagged
Connected to MPs, MLAs
& District Administration

2.5M+ people displaced by Brahmaputra floods annually. Civic neglect is a compounding driver — we put accountability directly in citizens' hands.

ECO-TOURISM — ASSAM'S OPPORTUNITY

7 Natl. Parks

19 wildlife sanctuaries (Govt. of Assam)

2,20,000+

Kaziranga visitors 2024, +62% YoY (Advantage Assam)

HOW IT WORKS

Citizen Reports via Smartphone

Residents photograph hazards — garbage, blocked drains, waterlogging, deforestation — and upload with GPS tag. Works directly in any mobile browser.

Live Public Issue Map

All reports appear on a live, public map with category, exact location, and resolution status — visible to citizens, media, and government.

Direct Connect to Administration

Every report is automatically routed to the relevant district administration and gram panchayat. Monthly data exports to district officials.

MP & MLA Dashboard Feed

Elected representatives receive a structured feed of unresolved issues in their constituency — creating formal, trackable accountability to voters.

Eco-Tourism Directory & Operator Hub

Lists verified eco-tourism destinations, community operators, and homestays. Connects domestic and international tourists to conservation-linked local livelihoods.

Three Platforms. One Digital Backbone.

All platforms are DPDP Act 2023 compliant, India-hosted, mobile-first, and designed to operate independently of field staff — generating real-time impact data automatically.

Blood Donor & Requestor Directory

- › Searchable by blood group, district & availability
- › Donors, blood banks & hospitals in one directory
- › DPDP-compliant voluntary registration
- › Free for all patients and families — always

2,000+ donors registered · Year 1

Regional Language LMS

OUR LEGAL STRUCTURE & GOVERNANCE

Britto Foundation is registered as a Section 8 Company under the Companies Act 2013 — combining the mission mandate of a public charity with the governance rigour of a corporate entity. This structure provides funders with the highest available level of statutory accountability.

Zero Dividend Policy

All profits and surpluses are legally mandated to be reinvested into charitable objects. No dividends, bonuses, or profits can be distributed to directors or members — ever.

MCA Annual Filing

Financial statements, board resolutions, and annual returns are filed with the Ministry of Corporate Affairs every year — publicly accessible and independently verifiable.

CSR Schedule VII Eligible

Our three programme pillars — healthcare, education, and environmental sustainability — are all explicitly listed under Schedule VII of the Companies Act 2013, qualifying us for corporate CSR spend.

FCRA Pathway — Year 2

Section 8 structure provides the fastest compliance pathway to FCRA registration, enabling receipt of international contributions from Year 2 of operations.

The Team Behind Britto Foundation

Abhishek Buragohain

FOUNDER DIRECTOR

Digital Platforms · Technology · Programme Delivery

📍 Jorhat, Assam · 14+ Years Experience

B.Tech Information Technology

- › Started as a software developer; rose to Floor Manager at a leading IT services firm, managing multi-member delivery teams across complex enterprise technology engagements
- › Founded Paradigm Shift Technologies® — delivering technology consulting, EdTech and MedTech platforms, sports digitization, electoral technology, and multiple digital infrastructure to institutions across Assam and India
- › Designed and deployed multiple digital products across diverse sectors — serving schools, sports bodies, community organisations, and public institutions across Northeast India
- › Leads product architecture and all three digital platform builds for Britto Foundation

Pranab Milan Gogoi

FOUNDER DIRECTOR

Organisation Strategy · Funder Relations · Programme Oversight

📍 Jorhat, Assam · 8+ Years Experience

B.Tech Mechanical Engineering

- › General Secretary, Assam Engineering College Students' Union (2014–2015) — led student welfare, institutional representation, and campus community initiatives
- › General Secretary, Hostel No. 1, Assam Engineering College Alumni Association — building alumni networks and long-term community bonds
- › Over a decade of grassroots social service activism across Upper Assam — health awareness drives, community welfare campaigns, and rural development work
- › Deep networks with district administration, ASHA networks, Panchayati Raj institutions, and civil society organisations across Jorhat and other districts

OUR FUNDING MODEL

Diversified revenue — no single donor dependency

No single donor will exceed 25% of our annual budget. Four independent revenue streams ensure programme continuity regardless of any single funding relationship.

35%

Corporate CSR

Schedule VII eligible across all three pillars. Primary focus on Assam-headquartered corporates and national companies with NE India CSR mandates.

30%

Philanthropic Grants

HNI donors, family foundations, and international donor agencies (via domestic partner route in Year 1; FCRA-enabled from Year 2).

20%

Government Schemes

NHM (National Health Mission), NEP 2020 implementation funds, and MGNREGS-linked environmental programmes. Target activation from Year 2.

15%

Community Fundraising

Crowdfunding campaigns, individual donors, and community events. Provides unrestricted flexible funding with no donor-imposed conditions.

Year 1 Funding Target: Rs. 60 Lakhs · Programme Spend: 75% · Administrative: 25% · No single donor > 25%

THE ROAD AHEAD

3-Phase District Expansion · 2026 to 2030+

PHASE 01 · Year 1–2

FOUNDATION

5 Districts — Upper Assam

Jorhat · Sivasagar · Golaghat · Dibrugarh · Tinsukia

- ✓ 15,000+ beneficiaries
- ✓ All 3 platforms live & operational
- ✓ 8–10 full-time staff
- ✓ Rs. 60 Lakhs budget

Build, validate, and demonstrate all three platforms and field programmes in Upper Assam's most underserved districts.

PHASE 02 · Year 3–4

SCALE

10 Districts — Central Assam

Kamrup (R) · Nagaon · Morigaon · Hojai · Karbi Anglong

- ✓ 90,000+ beneficiaries
- ✓ FCRA registration active
- ✓ 25-member team
- ✓ Rs. 2.5 Crore budget

Expand all platforms across central Assam's largest population corridors. Deepen field impact and activate CSR + government scheme partnerships.

PHASE 03 · Year 5+

TRANSFORM

35 Districts + NE Expansion

All Assam + Meghalaya · Manipur · Additional languages

- ✓ 3,50,000+ beneficiaries
- ✓ Full NE India digital platform
- ✓ 50-member team
- ✓ Rs. 6.5 Crore budget

Full Assam coverage. Northeast India digital expansion. Platforms licensed to partner NGOs. State-level policy advocacy.

Why Partner With Britto Foundation?

CSR Schedule VII — All Three Pillars Qualify

Healthcare, education, and environmental sustainability are all explicitly listed under Schedule VII of the Companies Act 2013. Your CSR spend is legally compliant, fully documented, and independently audited.

Verifiable Impact Data — Real-Time, Not Annual

All three digital platforms generate automatic analytics — donor registrations, learner progress, civic issues reported. You receive quarterly reports with real KPI data, not just narrative updates.

Maximum Governance Accountability

Section 8 governance, independent board, annual statutory audit, no-cash payment policy, whistleblower channel, and public MCA filings. The highest accountability structure available to an Indian NGO.

Local Leaders — Deep Community Trust Built-In

Both founders are Assam natives from Jorhat with decade-long local networks. We are not parachuting in. Community trust, Panchayat relationships, and district administration partnerships are pre-existing.

Permanent Infrastructure — Outlives the Funding Cycle

Digital platforms are company assets that serve communities indefinitely. A health camp ends; a blood donor directory operates 24/7 forever. Your investment builds permanent infrastructure, not temporary programmes.

Three Pillars of CSR in One Partnership

One funder relationship activates all three Schedule VII pillars simultaneously. Healthcare, education, and environment — all tracked, all reported, all audited — from a single, accountable partnership.

Thank You

Healing Communities. Educating Futures. Protecting the Planet.
